Title : 30" LED Light Bar (for Trucks, UTV's, Outdoor Lighting, ect..) 15000 lumens

Description :

I have a 30" double row LED light bar with CREE LED chips, it is brand new never installed, but has been tested to make sure it works. This thing is BRIGHT and puts normal headlights on a car/truck to shame. It produces 15,000 lumens of light and this bar has the combination pattern of spot/flood beams, so you get the best of both worlds. This can be used on trucks, SUV's, UTV's, or even just as an awesome outdoor light.

I paid over \$400 for this LED light bar, but need the money so i'd take \$300 picked up here in Liberal, KS. Includes adjustable mounting brackets and hardware.

Please call or text 620-309-0214 if you are interested.

Price \$300.00
