\$5750 for both. Just welder \$3500. Just trailer. \$2500.

Custom built trailer includes:

10' long and 8' wide
2 wheels
Heavy duty axle with wired electric brakes
Drop down expanded metal tail gate extends 4'
Behind hitch storage area for gas bottles
2-bay tool box

Welder:

Combining a 10,000-watt generator with a 230-amp constant-current DC welder, the Champion 10,000 is ideal for farm, general construction, and emergency power applications.

This unit is designed for Stick welding with quick and easy arc starts.

It also performs general scratch start DC TIG.

Unit supplies DC weld output.

Unit has a gasoline engine (Onan 20 HP at 3600 RPM).

Processes: Stick, Flux Cored, TIG.

Dimensions: H: 33in, W: 18 3/4in, D: 37 1/2in.

Weight: 439lb.

DC weld output for smooth arc performance and easy starts.

Hohart's new Field Current Control maintains generator power output for strong motor starting capability and gives quick arc starts.

Single knob current control for easy set up.

Automatic idle for greater fuel savings and reduced noise.

Welder has only 421 hours of use.

Call 785-338-3214 Located approx. 12 miles out of Liberal.
