Title : Dustin's Lawn Care

Description :

Hello, My name is Dustin Friederich and I have a local, becoming large-scale, lawn care business. I have been mowing for 5 summers to date and do the full blown service. Edging, weed-eating, and bagging is all the standard deal. I can do other things such as fertilizing and pulling weeds, etc. I can work on a schedule. I have very high standards for the lawns I mow so quality is guaranteed. I definitley will not cost as much as large scale mowing companys around the local area. Please contact me and I we can work out the details. I also mow lots/fields, large and small. Just about anything you can think of, anywhere in the Liberal area! An average price for mowing and edging usually costs anywhere from \$35 to \$40. But it really depends on the size and complexity of the yard.

Please contact me:
