## 2 Inmates Escape Correctional Facility

Authorities in northwestern Oklahoma are searching for two escapees from the minimum security William Key Correctional Center in Woodward.

Prison officials say Anthony Brinsfield and Damario Love disappeared Sunday between a 6 a.m. inmate count and a 7:30 a.m. headcount.

The Department of Corrections website shows Brinsfield was serving 10 years. He was convicted in Pottawatomie County on charges of possessing a firearm while committing a felony, possession of a stolen vehicle, possession of a controlled drug with intent to distribute and false personation.

Love was serving 10 years for two robbery convictions in Tulsa County.
