Oklahoma Dept. Of Ed. Issues School Report Cards

School District and State A-F Report Cards are now available for public viewing on the Oklahoma State Department of Education website.

A-F Report Cards for individual school sites were released in late October.

District and state report cards were calculated in the same way as school report cards with districts earning a grade point average (GPA) and a letter grade based on:

- 33 percent student achievement;
- 17 percent overall student growth;
- 17 percent bottom quartile student growth;
- 33 percent and whole school performance, which for K-12 districts include factors such as student attendance, graduation rates, advanced coursework, school climate surveys and parent and community engagement; and for K-8 district averages are derived from middle school performance criteria.

District data calculations include all students in the district. They are not an average of site grades.

How Texas County Schools Fared:

- School — Grade, GPA

Optima Public Schools — C, 2.66 GPA

Straight Public Schools — C, 2.50

Yarbrough Elementary — D, 1.32

Guymon Academy Elementary — C, 1.99

Guymon Northeast Elem. — C, 2.50

Guymon Homer Long Elem. — C, 2.50

Guymon Salyer Elem. — C, 2.50

Guymon North Park Elem. — C, 2.65

Guymon Prairie Elem. — C, 2.50

Guymon Central Jr. High — C, 2.32

Guymon High School — C, 2.51

Hardesty Elementary — B, 3.33

Hardesty High School — C, 2.50

Hooker Elementary — C, 2.49

Hooker High School — B, 3.00

Tyrone Elementary — B, 3.33

Tyrone High School — B, 3.01

Goodwell Elementary — B, 3.33

Goodwell High School — B, 3.50

Texhoma Middle School — B, 3.33

Texhoma High School — B, 3.34.
