Heavy Snowfall Reported In The Area

Reports of 12 inches of snow or more has been reported in the Guymon Oklahoma area, with reports of 22 inches or more at Liberal's Municipal Airport. City, County, and State crews have been out working all night, and will continue to work until roads have become passable. Travel is highly discouraged except for emergency purposes only, let the crews do their jobs. If you become stuck, you have not only jeopardized your welfare and those with you, but you are now in the way of the snow removal equipment. Please stay home. Winds are expected to continue to blow causing blowing and drifting of snow.
