SCCC/ATS To Offer Arc-Flash Training

Seward County Community College/Area Technical School Business & Industry will offer an Arc-Flash Training for Non-Electricians from 1-3 p.m., Monday, Aug. 26 in TB136.

The cost is \$35 per person.

Upon successful completion of this course participants will be better prepared to:

- ...Explain the definition and duties of qualified workers.
- ...Explain common tasks considered to be arc flash hazards.
- ...Discuss how an electrically safe working condition is created.
- ...Discuss the specific conditions in which energized work is permitted
- ...Explain the requirements of each of the three approach boundaries.
- ...Discuss the methods for determining the Arc Flash Boundary.
- ...Discuss the importance of wearing arc-related clothing when required.
- ...Discuss arc flash protection required by the 5 Hazard Risk Categories.

The class is limited to 20 seats. To enroll, call Jennifer Farmer at 620-417-1170 or email

b&i@sccc.edu.
