Dodge City To Get Indoor Football Team

A new indoor football team is coming to Dodge City.

The Champion Professional Indoor Football will have a team playing at Dodge City's United Wireless Arena starting next season.

League and city officials made that announcement Thursday.

The Dodge City team will join the Wichita Wild and the Salina Bombers in the league.

The Dodge City team has yet to be named.

Officials are asking fans to make suggestions.

They plan to announce a name next week.
