Anthony Crump To Return Home

On September 6, Anthony Crump was flown to Wichita with a severe spinal cord injury and paralysis which occurred during the Friday night game against Satanta vs. Goodwell.

Next Thursday, the 31st Anthony will return to Satanta and present the game ball mid-field at Satanta's final home game. Anthony will be delivered mid-field by a Life Team Helicopter escorted by the Haskell County Sheriff and Ambulance.

Satanta's Mr. Calvin has decided to donate ALL proceeds from Thursday night's game to the Shrine Group which was the main reason Anthony was able to get the treatment he did at their Children's Rehabilitation Hospital in Chicago. Although the outlook was grim, Anthony is already walking and doing some mild activities on his own.
