Epic PCS Wins National Honor For Video

NEW YORK CITY -- Epic PCS of Elkhart and Liberal, Kan., and Guymon, Okla., along with companies such as CBS Television Distribution, ESPN, Fox Sports International, Harpo Studios, Microsoft and NBC Universal, is a winner in the 31st Annual Telly Awards for best corporate image video.

The video, awarded a bronze Telly Award, was written and directed by Linda Ward, advertising and marketing director for Epic PCS and Epic Touch, and produced, filmed and edited by Christopher Garrison, marketing and creative designer for Epic PCS and Epic Touch.

“The video was produced specifically for viewing during Guymon Pioneer Days and was titled ‘A Cowboy Essential – An Epic PCS Wireless.’ It featured Terryll Gloden of rural Guymon as our Epic cowboy,” said Ward.

“We are delighted to receive a Telly as less than 25 percent of the award winners from the nearly 11,000 entries were judged worthy. Entries came from all 50 states and numerous countries

Founded in 1979, the Telly Awards is the premier award honoring outstanding local, regional and cable TV commercials and programs, the finest video and film productions, and in recent years has expanded to web commercials, videos and films. Winners represent the best work of the most respected advertising agencies, production companies, television stations, cable operators and corporate video departments in the world.

Congratulations to Linda and Christopher for their efforts on a personal and professional level,” said Bob Boaldin, Epic Touch president.
