The Early Risers Kiwanis Recognizes Washington Elem. Students

The Early Risers Kiwanis Club recognized 24 Washington Elementary 3rd grade students for their efforts during the second 9-weeks. The BUG's (Bringing Up Grades) recognizes students who maintain or raise their grades from the first 9-weeks. These students were presented certificates during a school assembly on Friday and were treated to a pizza lunch on Monday. Congratulations to these students on their accomplishment and we encourage all students to work hard to achieve this recognition in the third 9-weeks. The Washington Elementary BUG's program is administered by Early Risers Kiwanis and sponsored by Southwest Medical Center.
