### 3i Show To Stay In Garden City

A major agricultural trade show stays in Garden City.

Finney County commissioners approved an agreement with the 3i Show to hold it at the county fairgrounds in 2011, 2013, and 2015.

The 3i Show is one of the largest agricultural events in Kansas and has alternated between Garden City and Great Bend for the past 30 years.

The county was concerned because costs for the show are increasing, but revenue is decreasing. The commission decided that having the 3i Show in Garden City was better than it moving to another city.
