Mobile Citizenship Services Coming To Southwest Kansas

All appointments have been booked for people to meet with representatives from the U.S. Citizenship and Immigration Services during the agency's upcoming visit to Dodge City.

The immigration service will hold its first mobile session in Dodge City from June 17 through June 19. The second session will be in September in Liberal, before rotating to Garden City. Appointments can be made online at www.uscis.gov.

The mobile service team will be able to perform citizenship exams, residency interviews and process fingerprints.

Dodge City City Manager Cherise Tieben says with the highest percentage of immigrants as a portion of the population in the state, southwest Kansas has an increased need for better access to the federal service.
