### Three Children Released From Hospital After October 18th Stabbing

The three children injured in an October 18 incident in the 300 block of McCray Boulevard are out of the hospital. The children, ages 5, 6, and 7 and were injured in the house that evening. Irineo Garcia was charged Monday with three counts of attempted first-degree murder after the three children were found injured at his home. Garcia was in the front yard of the home with apparently self-inflicted wounds. Garcia was arrested Friday after he was released from a Wichita hospital. He made his first court appearance on Monday and is being held in the Seward County Jail on a one-million dollar bond. District Attorney Don Scott says an attorney will be appointed to represent Garcia.
