A Heavenly Experience

Toby Wynn stays busy. When the Seward head women's basketball coach is not coaching his players in his perennially powerful program, he is working with area players. Wynn's June has been a blur with recruiting and camps in the Green House. Thanks to his camps the Green House has been a buzz of activity even in the middle of the summer. Seward is currently hosting a skills camp which began Monday and concludes Wednesday. The camp is divided into 2nd-5th grades, 6th-8th, and 9th-12th. The Lady Saints also hosted a team junior high basketball camp last week and a 12 team high school team camp June 6th-8th. The Sportsguys aired the show live from that camp June 8. Future and current Lady Saints have been in and out of town this month to help with the camps.

Wynn, a Booker native enters his seventh season as Seward head coach with a 164-38 record.
