Camp Hope To Open June 14

Children with cancer want to do all the same fun things that healthy children do. Thanks to the American Cancer Society's Camp Hope, these wishes will become reality the week of June 14th near Great Bend, Kansas. Camp Hope campers enjoy everything that makes summertime special - exploring the outdoors, swimming, hiking, playing games, singing around the campfire, doing arts and crafts, playing ball, and much more!

Registration for campers is still taking place, so if you know a child with cancer or who has had cancer, please contact the American Cancer Society in Topeka for more information at (800)359-1025.
