Sporting News Tabs Seward Guard a Super Sophomore
Following a freshman season in which he averaged 14 points and 4 steals per game at Western Texas College, new Seward County Saints transfer guard Deverell Biggs has been named to The Sporting News "Super Sophs" 2nd Team. The magazines list recognizing the top junior college sophomores from around the country had Biggs as the top second year player in the Jayhawk Conference as he landed on the 2nd Team, while Anthony Criswell of Independence and Geron Johnson of Garden City were also named in the report on the 3rd Team. Biggs is expected to make a splash this season at Seward after playing for the Westerners and new Saints assistant Jason Sautter last season. The 6'0 sophomore guard from Omaha was a game changer in his first collegiate season for Western Texas, putting up games of 31, 25 and 24 against some of the top competition in the country playing in the WJCAC.
